RESOLUTION NO. 79-87

A RESOLUTION OF THE NAVAJO COUNTY BOARD OF SUPERVISORS IN SUPPORT OF THE ARIZONA RURAL WATER ASSOCIATION

WHEREAS, the Navajo County Board of Supervisors are vitally concerned with water transfers from rural to metropolitan areas in Arizona; and

WHEREAS, in the majority of the State, we lack sufficient technical information to know the impact of water overdraft, recharge and transfers; and

WHEREAS, the Franzoy-Corey study first phase is (1) nothing but a marketing plan to transfer water from rural Arizona for the perceived needs of the metropolitan areas; (2) is completely inaccurate in our area in respect to urban/industrial water usage; and (3) used to short a range for population projections; and

WHEREAS, we have concerns about the level of funding at the State level being sufficient to provide indepth and accurate information about the Coconino Acquirer as to size, quantity, quality, recharge, and effect of overdraft; and

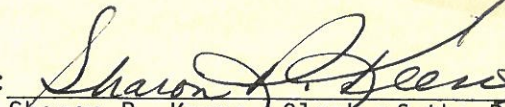

WHEREAS, the Arizona Rural Water Association has been formed to protect rural Arizona's water interests.

THEREFORE, BE IT RESOLVED, that the Navajo County Board of Supervisors fully supports the Arizona Rural Water Association in their efforts to ensure that rural Arizona's water interests are protected.

PASSED and adopted this 14th day of September, 1987.

Pete Shumway, Chairman
